POS:

Smoothed out without the R and B
(Mercy) Come on!
(Mercy) Come on y'all!
(Mercy) Come on!
There's no R and B in this song
So come along fly children come along
Come along fly children come along
Come along fly children come along
There's no R and B in this song!

Pushed up a dame by the name of Crystal
Who flaunts to the point just like a missile
A habit wit ear kiddin' wit gold mags
And since she fancies facial hair she asks my name
(Hey baby what's your name?)
Now ever so fab I said I'm wala
Miss Wild who used to run tough wit Koala
She was a winner of my metaphor and she knew that
I said I'm gonna feed your mouth she said you do that
Now Crystal stops the jeep I think I'm mad fly
She used to have a man wit lots of mad signs
Her strut was guaranteed to make a gay smile
And in bed she had proved to be real agile
I show her to the lounge and I dined her
Then she gave me some digits where I could find her
I licked her like a stamp
Laid and sticked her like a champ
But the... um she gave me burn
I had to go see the doctor

(3 days later) Skeezer skeezer skeezer (Uhhhh)
(3 days later) Skeezer skeezer skeezer (Oh yeah)
(3 days later) Skeezer skeezer skeezer
(3 days later) Skeezer skeezer skeezer!

DOVE:

Well it was thirty after nine and I was loungin'
Token' on some smoke that I was poundin'
I rang up seven up so we can skip to the mall
Thinkin' a good day to shop

But then we got stopped
A shooter man said "Yo this is a stick up"
A whole lot of dirt was 'bout to kick up
I had screens in my pocket
And man, tonight's my date
Wit Smokey Sue, now what was I to do?
In my head I'm thinking, 'Should I dodge the bullet?'
'Man this kid is bluffin' you can pull it'
I feared the whole scene,
The shooter didn't bluff
Now look at me now,
He shot my ass dead
(Yeah)

(You shouldn't have)
(I did, so let's get in the van)
(You shouldn't have)
(I did, so get in the fucking van!)

(I love you babe)
(I.. I love you babe)
(I love you babe)
(I love you babe)

Skeezer skeezer skeezer
Skeezer skeezer skeezer
Skeezer skeezer skeezer
Skeezer skeezer skeezer!
