It's been a long long time
Thought you were a friend of mine
Holding on the end of the line
I've been waiting for you
Seen the way the wind is blowing
Look around and i don't know
If the time is right or wrong
I've been waiting so long

All my life
All my life
All my life
I've been waiting
All my life
All my life
All my life
I've been waiting for you

Can't get away, can't get away
Can't get away from your love

I've been searching up and down
Watching as the world goes round
Just another boy in town
I was looking for love

See the way the rain is falling
Black as night and i keep calling
Your name out loud
I walk on and on and on and on...

All my life
All my life
All my life
I've been waiting
All my life
All my life
All my life
I've been waiting for you

All my life...
