From my window  
I see the place where we used to go  
Went by there on our way home  
From people we used to know  
Been a while since I've seen your face  
I've got pictures and I keep them safe  
I'll be there for you soon

I will follow you  
Hope you understand  
I will follow you  
'Cause you're all I have  
I will follow you  
And you won't be alone  
I will follow you  
Until you're coming home, home

I'm not gonna give you up  
I will be there whether you like it or not  
I want things to be the way they were  
Is it obsession or is it love  
These feelings that are hard to hide  
It feels like I'm burning up inside  
I'll be watching you soon

I will follow you  
Hope you understand  
I will follow you  
'Cause you're all I have  
I will follow you  
And you won't be alone  
I will follow you  
Until you're coming home, home

I will follow you  
I will follow you  
Until you're coming home

I will follow you  
And you won't be alone  
I will follow you

Until you're coming home
