From my window
i see the place where we used to go
went by there on our way home
from people we used to know
been awhile since i've seen your face
i've got pictures and i keep them safe
i'll be there for you soon
i will follow you
hope you understand
i will follow you
cause you're all i have
i will follow you
and you won't be alone
i will follow you
until you're coming home... home
i'm not gonna give you up

i will be there whether you like it or not
i want things to be the way they were
is it obsession or is it love
these feeling
that are hard to hide
it feels like i'm burning up inside
i'll be watching you soon
i will follow you
hope you understand
i will follow you
cause you're all i have
i will follow you
and you won't be alone
i will follow you
until you're coming home
i want you now
i want you now
