Day & Night

Sleepy Storm

On the way with bow and arrow try to find this thing to
shoot be on the hunt with bow and arrow it's a very
different trip dangerous but necessary yes i know
the ice is too thin to walk on yes i know
the path too narrow to walk on sleepy storm where is
your beating heart today hey sleepy storm would i
choose to walk or stay on my way with bow and arrow to
be on the safe side until i lost sight of the land far into
the night be on the hunt with bow and arrow with bow
and arrow shall i find your hiding place yes i know
the ice is too thin i walk on yes i know
the path too narrow i walk on
