Im on my own
my heart feels old
still i give myself away
every second, every single day
you said you'd wait for me
bring the warm sea
make this union safe
unchain these lillies
the sky opens up
you tell me where to go
this is the fire
you keep on burning
words of gold
makes me a fool for love
but don't make me linger
if you don't want me here at all
you are like driftwood
go where the streams will flow
where you are amused
where you can be king then go
trouble keeps the fire burning

and i'm dreaming of drifting

still more like an old oak tree

longing to be free
