Never gonna make a start, so don't refuse my love!

When the night is getting closer
Nothing more I have to do
Time is sure to reach my lover
But alone, I'm feeling blue
Maybe it's not so easy, I will never stop loving you
Because you're deep inside my mind
I need you, oh my little baby, oh my little darling

Never gonna make a start
You'll never make me hurt
Baby, don't leave me
Let me be your loving thing
It'll always be the same
Never surrender

Take my heart and keep alive
Maybe one day you'll be mine
So baby, never gonna make a start, so don't refuse my
love!
