I dream about her
Can?t sleep without her
I write about her
Can?t type without her
I talk about her
Can?t walk without her
I think about her
Can?t think without her

I sleep without her
Can?t dream about her
I type without her
Can?t write about her
I walk without her
Can?t talk about her
I think without her
Can?t think about her

I want her in my arms
Why does she say she?ll never?
She?ll come to no harm
I?ll keep her safe forever
Don?t tell me to stay calm
I feel like stormy weather
She?ll come to no harm
I?ll keep her safe forever

I dream about her
Can?t dream about her
I write about her
Can?t write about her
I talk about her
Can?t talk about her
I think about her
Can?t think about her

I want her in my arms
Why does she say she?ll never?
She?ll come to no harm
I?ll keep her safe forever
Don?t tell me to stay calm

I feel like stormy weather
She'll come to no harm
I'll keep her safe forever

I dreamt with her
I wrote with her
I talked with her
I thought with her
But now it's over
I can't get over
The bond is too strong
I'm in confusion

I want her in my arms
Why does she say she'll never?
She'll come to no harm
I'll keep her safe forever
Don't tell me to stay calm
I feel like stormy weather
She'll come to no harm
I'll keep her safe forever
