"Dance"

Don?t spray your anti-perspirant
I will go hide behind the setee
I hate the sound, it makes me squeal
I hate your house, it makes me squeal

Sophistication in hypocrite nation!
Sophistication in hypocrite nation!
Sophistication in hypocrite nation!
Sophistication in hypocrite nation!

Come on get up and shuffle your feet
You can dance but that just ain?t me
Look at my moves aren?t they so great?
Just like your girlfriend, ain?t she so great?

Sophistication and great expectation!
Sophistication and great expectation!
Sophistication and great expectation!
Sophistication and great expectation!

I can?t be bothered paying the fee
A twisted ankle
That?s what you?ll have, if you pay
So I suggest you, begin to pray

Sophistication with rising inflation

Sophistication in hypocrite nation!
Sophistication in hypocrite nation!
Sophistication in hypocrite nation!
Sophistication in hypocrite nation!

Sophistication comes with great expectation!
Sophistication comes with great expectation!
Sophistication comes with great expectation!
Sophistication comes with great expectation!
