Found out the news
Came through so fast, so fast, so fucking fast
I got the blues
Playing there

False anticipation
Waiting like an eagle pouncing on it
Overtaking nations
People they laughed and said that we would pay

Pay, pay, pay, pay, pay, pay

This is my song for the next generation in us
One containing whores and naked pin-ups
Forget all those beauty queens
Cos
That that

We visited
We had to go, to go, to get checked out
We're comforted,
We were upset at first but hwe calmed down

Meanwhile at school
Apparently this guy had upped the heat
I looked a fool
People they laughed and said that I was beat

Beat, beat, beat, beat, beat, beat

This is my song for the next generation in us
One containing whores and naked pin-ups
Forget all those beauty queens
Cos
That that

This is my song for the next generation in us
One containing whores and naked pin-ups
Forget all those beauty queens
Cos
That that

Next generation
Next generation
Next generation
Next generation

This is my song for the next generation!
