

## Morning For The Masses

### "Silence In The City"

One by one we've all fallen down  
Silence in the city  
Beauty has no sound  
One by one we've all fallen down  
A messy kind of pretty  
It's muted downtown

No sound.

We stand in a line,  
Wrapped around this rooftop  
We march, single file  
Anticipating our drop  
Shadows cast long  
And freeze busy streets  
Jaws drop, so do we

As our army meets the concrete

No sound.  
Downtown.

Watch as the horizon falls  
We spill and stain the walls

GERONIMO  
LIKE DOMINOES  
WE ALL FALL DOWN  
NOTHING COULD QUENCH OUR THIRST  
NOTHING  
GERONIMO  
LIKE DOMINOES  
WE ALL FALL DOWN  
TO BAD OUR END HAD TO COME FIRST  
A-HA!
