It's been a while  
Blood still is in my vein  
You were happier back when  
Our eyes have seen the same  
Oh in my vein, it goes to show that

I, look to the sky  
With no intentions  
How did I get so high?  
I, looked in your eyes  
I saw deception  
Don't put this life on trial

That's all you know

It's been some time  
Now blood is on your hands  
I'm still here right now, you know  
But I'm just not the same, oh

There was a time  
When we fought the waves  
It's seems like a long time ago  
Now we drown ourselves  
To forget what flows in these veins

I, look to the sky  
With no intentions  
How did I get so high?  
I, looked in your eyes  
I saw deception  
Don't my life on trial

That's all you you've shown

Never, never forget!

Why would you look and try to find  
A ghost trapped in the past?  
How would you feel if our blood could drip with words  
That never last?

I, look to the sky  
With no intentions  
How did I get so high?  
I, looked in your eyes  
I saw deception  
Don't my life on trial

In my vein  
In my vein
