Changing my life  
You rule my days  
Barking around  
Like a dog on chain  
Invade my mind  
Believing you'll be god  
When looking back  
Waiting for the master's shout

Watching your tail  
Down on your knees  
Showing your tongue  
Please your master... please

Sly like a fox  
Dngerous like a snake  
Gnaw 'round the bones  
Of your own disgrace  
You're scared of time  
You see it's melting fast  
Soon there's no chain  
Cause they'll kick you ass
