When he cannot see the shadow unrelating & slowly  
Anymore he's destined to die  
Beware of crossing & treading by the light of sun  
The burial of the tomb  
And then I've seen my double painted in a portrait  
Who looks at me from a mirror

Animism The latent part of demons  
Animism Manifestation of hidden  
Animism Beside double of shadows  
Inspired or kill me!

I must realize my double before seeing my body image  
The dream shows me my "own other" while I am the  
other  
Look at me  
A strict relation between Gemini's obsession &  
Anguish of death

Schizophrenic presence stands beyond the door  
Alone in deep silence to reflect my trouble  
I am walking hanged 'til the dark room  
Mother & daughter double of nightmare  
She's calling her name

Between the conflict schizophrenic Christ  
And his other antichrist  
His other in the reign of dream reflects  
On water surface  
The shadows of the soul of aldreago in the night  
Moves around my living body
