Moses Hazy rocking soul factory presents:  
The incredible Flow of Life Show!  
This is for the Headman Willy and his Heavenly Angel  
Company!

It's the medicine of love  
It's the sweet sweet inspiration  
It's the surreal world of feelings  
That I always knew was out there  
There's many fine men  
There'many great women  
Who knew the light of life  
And surely could send it

Let me hear it from you  
You gotta kick it to groove!  
The power of enlightenment  
The power of mind  
It's the Flow of Life

Take your soul medicine, take the heart out of your  
chest  
Give good big kiss to your soul, give your head a little  
Rest  
It's all have been tested so no need to break the sweat  
Just step out of the machine, it's time to use your head!
