Laying down under northern lights,
We may forget the world tonight,
Go up there for a ride
I don't care and you don't mind
It's our moment it's our right... to be blind

Is it dream or is it true
I don't know but it's so good,
Like all the life should
So now it's time for us to dance

Let's forget all mistakes
And see what it takes
To have a moment for yourself
Hey girl, hey boy, time for real joy...

You watch the stars I watch your eyes
Long enough to see the lights
Get closer so the cold won't bite
Yes it's dream and coming true...

-Time for escape, take my hand babe
-draw our picture, shake the landscape

Let's forget our mistakes
And see what it takes
To have a moment for ourselves
Hey sweethearts, lovetoy, time for real joy...
