There's a wood where no one dares to go,
In the wood there's a hill where foggy powers grow,
Just a small area, somewhere in Siperia...
Just a wood where no one dares to go...

... And from the deep underground, rise of an old
wisdom...

Get Down! C'mon! -You've heard it all before!
Hell Yeah! Damn Right! -So do something before I get
Bored!
Light Up... Stuidings! -All I really hear is snore...
So kick some ass and score!

Freddy went to wood, well, Freddy had a rebel soul,
Lookin' for some answers, something to fill his hole
With,
There he was, lying still, saw the light upon the hill,
Yea, Freddy went to wood, Freddy from a broken
home...

"... So now it's time of punishment for you for being so
Lazy!"
Hw yells behind his beard&carries; on, my name
Is... blub... blob...

Get Down! C'mon! -You've heard it all before!
Hell Yeah! Damn Right! -So do something before I get
Bored!
MANUS! STUPRUM! -All I really hear is snore...
So kick some ass and score!

... isn't it good to be lost in the wood... ?

Yeah, you should be ready, should be already!
Should be ready, ready like a Freddyyyyyyyeahhh!
Still lookin' for a tool, tool to fix your soul,
Well, hey asshole, it's rock'n'roll,
It's rock'n'roll, ITÂ´S ROCK&ROOOLL;!
