It's hard dark you a have a bull prove is,  
As you can walk straight with a bull in your chest,  
Another man down with the flag defoe,  
It takes a lot of love and comin? out of cold.

Two ..and I want to see you cry,  
Not the same can be safeless..,  
Yes by love ..and hold,  
It takes a lot of love and comin? out of cold,  
It takes a lot of love and comin? out of cold,  
Mmmm, mmm, mmm.

Looking at the pictures upon the sheft,  
Feel I'm in shadow sad,  
22 years till the fears so ..  
It takes a lot of love and comin? out of cold,  
It takes a lot of love and comin? out of cold,  
It takes a lot of love and comin? out of cold,  
It takes a lot of love and comin? out of cold.

Mmm, mmm, mmm, mmm.
