Farewell my sweet  
Well, the time that was coming  
The road has begun  
To move beneath my feet

Good things come to an end  
Well I hope through the pain  
The heartache and strain  
We can still remain friends

Something about a southern girl  
Make me feel right  
In a Mississippi morning  
She's an angel in flight

In a blink of an eye  
She'll be out of your sight  
Something about a southern girl

You're a soft melody  
Well, I swear that I heard  
From a lost Mockingbird  
Stuck up in a tree

We got a lot going on  
Even though I'm not here  
Please don't shed any tears for me  
Day when I'm gone

Something about a southern girl  
Make me feel right  
In a Mississippi morning  
She's an angel in flight

In a blink of an eye  
She'll be out of your sight  
Something about a southern girl

I never meant to leave you lonely  
It was only in your mind  
Girl, I never meant to leave you lonely  
It was only a matter of time

Something about a southern girl  
Make me feel right  
In a Mississippi morning  
She's an angel in flight

In a blink of an eye  
She'll be out of your sight  
Something about a southern  
Something about a southern girl
