I breathe in, I breathe out,
I reach in, I reach out,
I look high, I look low,
But what for, I don't know,
I stand on the edge looking down,
I'm watching the world spinning round and around,
I don't understand the things that we do,
I wish that I could but I get so confused,
I can't work it out (can't work it out, I can't work it out),
Tell me what's it all about (can't work it out, I can't work
it out),
Cuz I can't work it out (can't work it out, I can't work it
out),
Tell me what's it all about (can't work it out, I can't work
it out),
And who wins? And who dares?
And who knows? and who cares?
And what if? And where to?
And why me? And why you?
I wish all the answers were clear,
I question myself "do you know why you're here?",
I don't have a clue, I don't have a plan,
There's so many things that I don't understand,
I can't work it out (can't work it out, I can't work it out),
Tell me what's it all about (can't work it out, I can't work
it out),
Cuz I can't work it out (can't work it out, I can't work it
out),
Tell me what's it all about (can't work it out, I can't work
it out),
I breathe in, I breathe out,
I reach in, I reach out,
I look high, I look low,
But what for, I don't know,
Life is a bitch then you die,
You think you've got time,
But it ain't on your side,
And one day you're here,
The next day you're gone,
I ain't gotta clue what the fuck's going on,
I can't work it out (can't work it out, I can't work it out),
Tell me what's it all about (can't work it out, I can't work

it out),
Cuz I can't work it out (can't work it out, I can't work it
out),
Tell me what's it all about (can't work it out, I can't work
it out),
Can you tell me?
Can you tell me?
Can you tell me?
Can you tell me?
Can you tell me?
