"My Dark Side"

I don't hear your voice
Over my shoulder
A danger situation
Naked, but out of sight

I don't hear your voice
I ask no demonstration
Always thin sights
Always tin stars
This one is not my world

I don't hear your voice
Over my shoulder
A danger situation

Naked, but out of sight

I believe in my eyes
The sun of my thought
I'm gonna walk on my dark side
Walk on my dark side

I believe in my eyes
The sun of my thought
I'm gonna walk on my dark side
Walk on my dark side
