Eliminate  
Black thunderbolt  
When all the shitpiles  
Turn to gold

So violate  
Red Lucifer  
Beholding trouble  
Starting the war

I know - Death Hammer Overload  
Violate - Death Hammer Overload

Give it to me

Every time you have come  
You're absorbing my power  
Dislocated I am  
And collapsing inside

Damage the nerves  
Distort in vain

I know - Death Hammer Overload  
Violate - Death Hammer Overload

No flame or hellride, given me  
No six gear drive could bring me clarity
