Iâ€™m seeing you today  
Donâ€™t know where I was going  
I just want you to see it all my way

It throws me off the tracks  
And I still grin and bear it  
Now all my memories are left for me

So I will fall  
Iâ€™m sleeping  
This pain is everlasting  
This sleep is never-ending

I realize  
All in your eyes  
I am awaking  
All those I see  
Affecting me  
The undertaken

All words are spoken now  
Iâ€™m bound within this game  
Iâ€™m dying down inside  
Every single day

So I will fall  
Iâ€™m sleeping  
This pain is everlasting  
This sleep is never-ending

I realize  
All in your eyes  
I am awaking  
All those I see  
Affecting me  
The undertaken
