So you think that I can be another home pet in your
Mansion
So you think you can turn me on at the flick of a switch
Do you wanna a bigger thrill?
Get you fucked in the ass
More and more crap what you crave
Day and after day
Now, in this town you better don't bent you down
Now, in this town it's hard to know

Who to trust, who to trust
Do you wanna a bigger thrill?
Get you fucked in the ass
I'll be ready to knock you down
Ain't that you love?
In just no time it'll be over, in just no time
Bad loser, yeah fucker
Who's the one
Who's the one.
