Wake up early
Go work late
Eat trash, baby
All day it's rage
People talking
So much around
I wanna shut'em
But damn I don't know how
My daughter's a bitch
My wife is a whore
My son's on drugs
My boss is a roach
Telephone is ringing
T.V. is for dumbs
I'm getting older
May I go to the bar
I gotta get away
Must be a place aaahh
I gotta get away
But I don't know where aaahh
I gotta get away
Cause I can't stand it
This is life in Hell
I sit alone on my everyday seat
And I smoke more than 20 cigarettes
I sinking myself in a drink
And I can't get away
And when I come to the bar
And when I'm so fuckin' drunk
And when I'm so fuckin' drunk
I know that I'm a man
