I have never lost the love that I have given you
With all the things that we have all been through
I've never stayed in love before
As much as I have stayed in love with you

You, you never thought the feelings
Meant for you were true
'Coz everytime we're all alone you wonder
If I'll really never change
And if I'll really stay in love with you

Love, it needs just you and me to stay together
Even if there's nothing more
The best is there forever
Love, we have to stay this way in love forever
Even if you change your ways
I'll always stay this way

'Coz I, I will always stay this way in love with you
I will always stay this way in love with you
I will always stay in love this way

You, you never thought the feelings
Meant for you were true
'Coz everytime we're all alone you wonder
If I'll really never change
And if I'll really stay in love with you

Love
It needs just you and me to stay together
Even if there's nothing more
The best is there forever
Love
We have to stay this way in love forever
Even if you change your ways
I'll always stay this way

'Coz I, I will always stay this way in love with you
I will always stay this way in love with you
I will always stay this way in love with you
I will always stay this way in love with you
