There is no hope for you and me  
'Cause this long drive might be  
The last time I take the wheel  
You're not sure how you feel

I think the spotlight  
Always gives you stage fright  
Wish this all would end right  
Wish that you would stop  
Making my head spin  
Over and over, it's over but what if we  
If we just pretend

You'll play the love, and baby  
I'll play the lead  
So strike a pose and fake a smile  
You're coming with me  
I'll strum my guitar  
'Cause girl I know how you are  
You're just a little bit camera shy  
But you're still a star

"This isn't right," you said  
"It takes some time," you know  
We'll try again tonight  
This fight is getting old

I think the spotlight  
Always gives you stage fright  
Wish this all would end right  
Wish that you would stop  
Making my head spin  
You're young but  
Old enough to build up  
For it wasn't false love  
Wish this all would end

You'll play the love, and baby  
I'll play the lead  
So strike a pose and fake a smile  
You're coming with me  
I'll strum my guitar

'Cause girl I know how you are  
You're just a little bit camera shy  
But you're still a star

C'mon tonight  
We're gonna pick it up slowly  
Gotta hear you're voice  
What a perfect story

Can I pick you up?  
You can be my star  
(Yeah)  
The spotlights on  
We're close to the final scene  
(The final scene, the final scene)

You'll play the love, and baby  
I'll play the lead  
So strike a pose and fake a smile  
You're coming with me  
I'll strum my guitar  
'Cause girl I know how you are  
You're just a little bit camera shy  
But you're still a star  
You're just a little bit camera shy  
But you're still a star  
You're just a little bit camera shy  
But you're still a star!
