Turn to you is what I wanted to do,  
But you just turned away.  
Cold, cold you just make things worse,  
I can't escape this pain.  
You don't know what's on my mind,  
Do you even care?  
I've called you a friend,  
But at times you were never there.  
I won't forget what I've done for you,  
How could you do this to me?  
Behind my back the lies were thrown,  
And I won't accept what's been done.  
I've got to get away,  
From what kept me back yesterday.  
Abandon these feelings, just leave them behind,  
Because I've get to get away.  
Turn to you is what I've wanted to do,  
But you just turned away.  
Cold, cold you just makes things worse,  
I can't escape.
