All the crap all the lies that they telling you  
And all the things that you don't really wanna do  
You're pushed in to it man you wanna quit  
Loneliness' don't really mean a thing  
We leaned to live with it we got it under our skin  
If that's the way then you never win  
And all my wasted youth  
Emotionally crippled under the laws of hypocrite's  
They proved it all by giving us nothing  
That doesn't make it right  
That doesn't make it fucking right  
But then again we got a government  
I'm not ashamed to say its not another friend  
That is away of oppression you  
All the crap all the lies that they telling you  
And all the things that you don't really wanna do  
You're pushed in to it man you wanna quit  
And all my wasted youth  
Emotionally crippled under the laws of hypocrite's  
They proved it all by giving us nothing  
That doesn't make it right

That doesn't make it fucking right

Lack of morality police brutality

Aggression pointed at our youth
