Wined and dined, oh it seemed just like a dream!

Girl was so kind.

kind of love I'd never seen

only last summer, it's not so long ago...

just last summer, now must winds blow...

Wined and dined, oh it seemed just like a dream!

Girl was so kind.

kind of love I'd never seen

only last summer, it's not so long ago...

just last summer, now must winds blow...

Chalk underfoot, life I should prove

dancing in heat, our love and you...

Wined and dined, oh it seemed just like a dream!

Girl was so kind.

kind of love I'd never seen

only last summer, it's not so long ago...

just last summer, now must winds blow
