God, you took a lot from me
I don't ask for much,
Just a sense of security
And all I ever wanted
Was a minute of your time

Someday the trees will sing
A song of hope to bring a lovely winter morning
Where you and I are growing
Into an apple tree,
Where the sun will kiss our face
And we will grow

Just fall away
Just let it go
For you, oh
I'd run away
Cause you are something to hold on to,
A fault in the crust I fell through
You live, you learn, you love
Nothing will change what I'm made of

I'm in the earth, it's where you will find me

Just fall away
(Just let it go)
For you, I'd run away
I'd run away

And hopefully god will find a reason for our love to
bleed
And fertilize the earth we walk
From fragile seeds

Some day the trees will sing; hallelujah
And we will bury ourselves in the ground
Hallelujah
And I am in the earth and you're in the sky;
Hallelujah
And nothing will change what you are
Hallelujah

And someday the trees will sing.
