"Scars"

Scarred in the heart
Slashed in the vein
Nothing is changing
Nothing's the same
Lost in the head
Batteries dead
Crawling inside
a stranger instead

while you're Waiting for somebody else (Waiting)
Somebody else (We're waiting)
Somebody else (For something. For someone. For something)
Whatever helps
While you're waiting for somebody else (Waiting)
Whatever helps (We're waiting)
Somebody else (For something. For someone. For something)
Cover the welts
Between here and tomorrow

A knife in the face
A hair out of place
All the excuses are only opinions
Feeling around
It's feeling the same
It's touching the dark
It's guessing a name

while you're Waiting for somebody else (Waiting)
Somebody else (We're waiting)
Somebody else (For something. For someone. For something)
Whatever helps
While you're waiting for somebody else (Waiting)
Whatever helps (We're waiting)
Somebody else (For something. For someone. For something)
Cover the welts

I am the weight around you (My scars are your scars)

I will be waiting to drown you (Your scars are my scars)
I will be here

Waiting for somebody else (Waiting)
Somebody else (We're waiting)
Waiting for somebody else (For something.For
someone)
Whatever helps (For something else)

We're just waiting for somebody
