"Where Two Bodies Lie"

When you don't see the fall, you'll know by now just
how it feels.
"Well you've got more to learn from this." I heard you
say.
You laid your hands upon my face. Don't forget me
here. I won't forget you.
Parked cars and night fall - places that remember you.
We walk along the path, we've walked a thousand
times in our past.
Well you've got more to learn from this. So hold my
hand, and hold your breath.
Because you mean everything to me. So just let go of
everything between.
I am scared of dying so bad, but aren't we all scared?
Someday we'll find our hearts will align and burn all the
way.
Burn with time.
