You gunna get what you asked for
You know that right
So don't dish it cuz I'll
Throw it back like dynamite

You better watch where you stepin
Cuz girl with me you can't win
No need to compete
And you know that right

Don't be tryin to step
Where you know you shouldn't be
Cuz I'm the type of girl
That you know can bring the heat

So you better step it back
Cuz I don't want to react
You don't want me to lose control

Cuz if you try to get me
Then I'm-a gunna get you back
What go around come around girl
What go around come around girl

(Chorus)
Cuz if you try to get me
Then I'm-a gunna get you back
What go around come around girl
Then I'm a gunna get you back

I see watcha doin'
So don't thing you slick
And if you come around me
Ima have to trip

I got all my girls around me
And they got my back
So meet me at the playground
If you wanna throw back

Don't be tryin to step
Where you know you shouldn't be

Cuz I'm the type of girl
That you know can bring the heat

So you better step it back
Cuz I don't want to react
You don't want me to lose control

Cuz if you try to get me
Then I'm-a gunna get you back
What go around come around girl
What go around come around girl

Cuz if you try to get me
Then I'm-a gunna get you back
What go around come around girl
Then I'm a gunna get you back

Cuz I hear that you been talkin bout me
So keep on talkin but you gunna see
I maybe young, I maybe young
But I ain't playing no game
Cuz you get burned
When your playing with flames

Cuz if you try to get me
Then I'm-a gunna get you back
What go around come around girl
What go around come around girl

Cuz if you try to get me
Then I'm-a gunna get you back
What go around come around girl
Then I'm a gunna get you back

Cuz if you try to get me
Then I'm-a gunna get you back
What go around come around girl
What go around come around girl

Cuz if you try to get me
Then I'm-a gunna get you back
What go around come around girl
Then I'm a gunna get you back
