If we are the music

and we are the words

Well why don't we use it

To give to the world....

Peace and happiness and harmony

Happy Christmas to you from me

We'd get all the children

to sing a long

You know we could use them

To give this song....

Peace and happiness and harmony

Happy Christmas to you from me

Well we could do with a little love and understanding

and maybe a few prayers will help us too

and maybe in time we could all of us join a hand in

to make this Christmas dream come true

Why are we living?

What is it for?

If not for giving

We need some more....

Peace and happiness and harmony

Happy Christmas to you from me
Papa doobe doobedoo, papa doobedoobedoo
Peace and happiness and harmony
Happy Christmas to you from me
Well if only we could look to one another
and maybe a little love will see us through
for really we're all of us one sister and brother
so let's make this Christmas dream come true
For we are the music
and we are the words
So why don't we use it
To give to the world....
Peace and happiness and harmony
Happy Christmas to you from me
Peace and happiness and harmony
Happy Christmas to you from me
Papa doobe doobedoo, papa doobedoobedoo x2
(Peace and happiness and harmony)
Happy Christmas to you from me
Happy Christmas (Happy Christmas) x6
Happy Christmas (la la la la la... la la la la)
