School love - school love

The only thing you learn in school is ABC

But all I wanna know about is you and me

I went and told the teacher 'bout the thing we found

But all she said to me is that you're out of bounds at

School love, school love

Even though we broke the rule

I only wanna be ruled in

School love, school love

You an' I will be together, end-of-term until forever

They never ever teach you in history

And yet we seem to learn about it easily

I went and wrote 'I love you' on the classroom wall

I wanted ev'ry one to know the way to fall in

School love, school love

Even though we broke the rules

I only wanna be ruled in

School love, school love

You an' I will be together, end-of-term until forever

After school, oh, I'll be walkin' you home

Just me and you - my very own - very own

School love, school love
