What  
Stand in the doorway  
Stand in the doorway  
Slowly but surely  
Stand in the doorway

Stuck in a picture  
You start to flicker  
Truth is in fusion  
Say religion if you're thinking  
That it's a decision if you understand  
But nothing's a given when there's no where to lie

Stand in the doorway  
Stand in the doorway  
Slowly but surely  
Stand in the doorway  
Slowly but surely

The live transmission has begun  
We are in the final hour of hell
