Oh come ease my troubled mind  
Love don't leave me far behind

It's all written in stone  
How we should live all  
Alone  
Now I'm wracked to the bone  
Saying "I'm done for - oh no"  
Trouble still deceives me  
Closes my eyes, I cannot breathe  
Ohh

In the sky  
That's so blue  
Shadows hanging  
Onto you  
Trouble  
Oh leave me alone

Cast a spell  
????  
????  
????  
Trouble  
Oh leave me alone

Oh come ease my troubled mind

Always just behind  
????????????????  
(Oh)  
?????? comfort me  
Can you see  
I'm not afraid  
Oh no, oh no

In the sky  
That's so blue  
Shadows hanging  
Onto you  
Trouble

Oh leave me alone

Cast a spell

Trouble

Oh leave me alone

In the sky

That's so blue

Shadows hanging

Onto you

Trouble

Oh leave me alone

Cast a spell

Trouble

Oh leave me alone

Love don't leave me far behind

Angels are surrounding me

Maybe as the case may be

Can't you see?

I'm in trouble

Trouble

I'm in trouble

In the sky

That's so blue

Shadows hanging

Onto you

Trouble

Oh leave me alone

Cast a spell

????

Trouble

Oh leave me alone
