[Mr. Mike]

Increase the crime rate, I enter your mind state like  
blind dates

(Unexpected) Who's that murderous one from Texas?  
You're injected with this, a cannabilist, eat niggaz alive  
like onyx

(Skip America) Nigga please, way overseas I'm most  
wanted

(Boo-ya) Chronic orbitin' me like the comet  
You're puttin' yourself in a zone of terror, a phone'll  
never reach me, I'm too blunted

(So high) Niggaz get haunted by the black ghost  
My rap quotes is like nines, disconnect spines, (defy) to  
leave your back broke

No lactose in my blood veins, a thug's game is creation  
Plus motivation, communication and patience  
They hate me when I bust, check my vocals I ain't even  
cussed

Thus, I'll split yo' shizit if it is just a must  
Trust no bitches, they be wicked like witches  
My riches is filthy, I plead guilty now these niggaz be  
wantin' to kill me

(Why Mr.?) Because they can't feel me  
I'm seein' death before my eyes 'cause the despise be  
out to get me...
