All the pretty corpses they will sing to you in praise
Screaming out atrocities in keys that have no name

Darling won't you touch me as these knives grow from
my tongue?

Sink and place into the hearts of everyone you love.

I hope you hurt so badly baby...

Red flames caress your skin, we'll die so slowly
My dear will burn tonight.

All the rotting harlots, they will memorize your name
Skin peeled back revealing that the faces are the same.

Darling turn me inside out, destroy me just for fun
Curse my generations dear, together we shall burn.

I hope you hurt so badly baby....

Red flames caress your skin, we'll die so slowly
My dear will burn tonight.

All the pretty corpses, they sing to you with words of
praise
All the rotting harlots the girls who memorized your
name.

That skin, those eyes...
How fast her heart was beating...
Her hands on mine, tear my heart that's beating...

Your wretched lies...
Do you hear them screaming?

All the pretty corpses wear the death mask of the
damned
Where each others victims kneel before me once
again.

I hope you hurt so badly baby...

Red flames caress your skin, we'll die so slowly.
My dear will burn tonight.
