There's a million stickers stitching pretty smiles to our faces

There's a million bodies trembling
How they love to see us shaking

Watch the murder and chase the hour
Boys you wanted, girls you devoured
How they've waited for your touch
You are the lover, I'm the destroyer
Blood thirsty creature, murder is for your
Little sewn boy sing for me

There's a million choirs screaming
Won't you take my hand once more?
You are the lover, I'm the destroyer
Blood thirsty creature, murder is for your
We're still trembling inside out

Hear the bleached-haired preacher screaming hollow verses to your children
There's no telling what we'll do now we have tasted our first blood
All your pretty skin turns to leather
Ravaged by time you'll never get better
Save yourself, there's nothing left
There are no lovers, only destroyers
My one desire is watching your failure
Little girl you'll breathe no more

There's a million choirs screaming
Won't you take my hand once more?
You are the lover, I'm the destroyer
Blood thirsty creature, murder is for your
We're still trembling inside out

Kill, kill, kill for the nation you
Love, love, loving the spotlight
You can smile, you can smile
With your lovely little pain
Pray that the world will remember your blade
Stabbing the children you crushed in the face

To crush all the world destroy what you say
You'll simply destroy this land of the sick
And now all of the world will remember your name
Kill!

Theres a million bodies trembling
How they love to see us shaking...
