High fives with chainsaw hands
Will strike the spark that melts our features
Salt the earth, I'll salt your wounds
As flames consume like starving creatures

Sweet sweet obscenities
You softly whispered in my nightmares
Simple atrocities as hateful words
Fall on infected ears

[Chorus:]
Baby Baby this ain't no dream
Your evil heart is atrophied
Listen honey. I'll lick my wounds
When someone tells me where I'm bleeding
Needing someone to rescue me from this doom
Because this burning mess is
Crashing to the ground

Hi fives, no we'll shake hands with our tongues
My dear this horror's just begun
Salt the earth, you'll salt my wounds
As flames consume with wicked volume
Your symptoms tell me this is getting worse
Before it gets better
Burned lips scrape fingertips
Just shut your mouth it's almost over

[Chorus]
Set fire to my veins 'cuz you're a gentleman
You should have seen your face
When they said I was gone
My Flesh it turns to scales
Which turn to salt
Which turns to stone
Which builds the walls that seal our fate
You shall die alone
You shall die alone

[Chorus]
