Once again I shall go and get the fishmonger to
prepare the fish.

I expect you'd like to know about frogmen?
Yeah!
They live on fish and catch them by diving onto them
from a great height.
Deeper and Deeper and Deeper and Deeper

Gliding down through the dark green water.
He can breathe under water because he has
amphibious nostrils.
On the way down he passed hundreds of trout of
different sizes.
Trout are freshwater fish and have under water
weapons.
(dont go together)
Trout are very valuable and immensely powerful.
Keep away from the trout.

Why should it mean that the fish in the sea are all
unable to sing?

Just listen to me young fellow.
What need is there for fish to sing, when I can roar and
bellow?

Fish fish fish fish fish.
Fish fish fish fish.
Eating fish!

Fish fish fish fish fish.
Fish fish fish fish.
Eating fish!

I wish that I could get my fish
I wish that I could get my fish

Fish fish fish fish fish.
Fish fish fish fish.
Eating fish!

Fish fish fish fish fish.
Fish fish fish fish.
fish!

Fish fish fish fish fish.
Fish fish fish fish.
Eating fish!

Fish fish fish fish fish.
Fish fish fish fish.
Too find trout!

Get em out like a trout

I wish that I could get my hands on a dozen fish!
Fish!
