Bring plenty of coins
because love isn't free
I've got some spare time
between 11 and 3
Your room will light up
and then lock you up tight
Stay for an hour
or stay for the night

Hold me, hold me, love me
Hold me, Hotel Pure Love
Hold me, hold me, love me
Hold me, Hotel Pure Love

Whatever you want you can
Get for a fee
Nobody hurts
Because nobody sees
Slink in the back way
Arrive on your own
When you want to leave
You just pick up the phone
You can buy my love
Till you've had enough
You can buy my love
