"Please stay, I need you
I can't make it without you
I want you to stay"

You, I could never make it without you
Baby, don't deny it cause it's true
How am I supposed to make it by myself?

You, the beating of my heart is calling you
Baby, I know we'll make it through
Do you think that I can make it on my own?

But now, you're telling me to leave
I don't think I can take it
And so, I'm begging on my knees

You, you are my life
I can't afford to loose you
I need you by my side
You, you are my life
With you it feels like heaven
I never have to hide

You, you're the one who never makes me blue
Baby, I'm still in love with you
It's too hard to see this world without your love

You, you know I deserve some kind of clue
Baby, can't we try to start a new?
Please don't leave me now cause that will break my
heart

But now, you're telling me to leave
I don't think I can take it
And so, I'm begging on my knees

You, you are my life
I can't afford to loose you
I need you by my side
You, you are my life
With you it feels like heaven

I never have to hide

It may seem like I'm desperate or something
But you know that it's true
It feels like my heart is breaking
All I want is you

You, you are my life
I can't afford to lose you
I need you by my side
You, you are my life
With you it feels like heaven
I never have to hide
