Across the windswept fields of white
I'm blind from the reflecting rays
Not a single soul in sight
As I traverse the icy ways

Light abounds but coldness rules
My freezing heart consumed with self
You alone can light the fuel
And free me from this icy hell

Holy Fire
Illuminate this mess I'm in
Holy Fire
Reveal to me all hidden sin
Holy Fire
Love me with your discipline
Holy Fire
Hold me 'til I'm whole again

Often times I can't explain
The winter of the soul in me
The freezing grip of sadness reigns
And lords its madness over me

Holy tongues of fire fall
Light the dungeons of my mind
Break these chains as freedom calls
Let me leave myself behind

Holy Fire
Human nature in me tame
Holy Fire
Let me glorify your name
Holy Fire
Never let me be the same
Holy Fire
Fill me with Your holy flame

I want to run the sandy hills
And rest beside the shining sea
Oh to bask inside your will

And look so far beyond just me

Help me sieze the day oh Lord
Break the chains that bind me fast
Lengthened shadows at my door
and too much time's already passed

Holy Fire
Human nature in me tame
Holy Fire
Let me glorify your name
Holy Fire
Never let me be the same
Holy Fire
Fill me with Your holy flame
