I woke up this morning,  
had you all across my mind.  
I could still smell your sweet perfume,  
kept thinking 'bout you all the time.  
So I called you on the telephone,  
all I kept getting was your ringing tone  
Oh yeah.  
Don't tell me baby that you're out tonight,  
with another man's arms just holding you tight.

chorus

That's why I'm talking to you baby,  
here's what's on my mind.  
You got it, I want it  
Give it to me one more time.  
Give it to me one more time.

One time with you baby, ain't never enough,  
come on baby give me some more of that red hot stuff.  
If I had to follow you all around the world,  
you know I'd do it sugar, do it 'till I grow too old.  
Singapore, Shanghai, Chicago too,  
I said, everybody wants just to do it with you

chorus - solo

You know baby, that I wanna be your man.  
Try to give you everything, give you everything that I  
can.  
For that same ol' thing,  
you know the one that keeps us on our toes.  
Keeps us boys runnin', that's the way the story goes.  
I know again tonight you ain't home alone,  
so I'll just have to say I love you  
to your answer phone.
