Guess what girl it's ya lucky day, gonna take you to the  
mo' so the boys can play  
Wanna ride out, lick you down, stick dick in your mouth  
show you what dick is all about  
Cuz dick's my name and pussy's my game and I'll dick  
you dick you down won't show no shame  
Cause the night is young gonna fill your needs  
Show you things that you never did see  
So get on the floor at the count of three  
Spread the legs and show straight coochie  
Cuz nothing is what I'd be, it's lookin' at me like I never  
did see  
So, girl, so I could say that I just want you to be my lady  
So, girl, bend over and spread them hips, show 'em,  
girl, who the shit
