VERSE 1

We're living in the 21st century
But we're still fighting for peace
Wars, hate crimes and terrorist attacks
It's making it hard to breathe
We're investing in weapons of mass destruction
When the third world is hungry
You and I have the power to create a future
Without violence and poverty
Get informed, Get inspired
Stand up, speak out and break the silence
Build awareness, Share the knowledge
Stop ignoring and deliver the message of peace

CHORUS

Just a breath away to make a change
One voice can make a difference
Just a breath away to make a change
One voice can make a difference

Om bhur Bhuwah swaha
Tat savitur varenyam
Bhargo devasaya dheemahi
Dhiyo yo naha prachodayat
Om bhur Bhuwah swaha
Tat savitur varenyam
Bhargo devasaya dheemahi
Dhiyo yo naha prachodayat

VERSE 2

Helpless children are dying and suffering
Living in fear and pain
Struggling hard to stay alive and praying to be saved
From all nations dropping bombs killing innocent
victims
We're missing love for humanity
We have a mission to accomplish and to practice what
we preach
Get informed, Get inspired
Stand up, speak out and break the silence
Build awareness, Share the knowledge

Stop ignoring and deliver the message of peace

(CHORUS)

BRIDGE

Is this world ever gonna be a better place?

Nothing is impossible

Today's impossibilities are tomorrow's miracles

Is this world ever gonna be a better place?

Nothing is impossible

Today's impossibilities are tomorrow's miracles
