Out of all the boys, you're not like the others  
From the very first day, I'd knew we'd be lovers  
in my wildest dreams, my darkest desire  
Would I declare to you your love takes me higher  
Just when we both thought our lives were set in stone  
They shone a light and brought us together

CHORUS:

We are two in a million  
We've got all the luck we could be given  
If the world should stop we'll still have each other  
And no matter what we'll be forever as one

Its a crazy world (yeah) where everythin's changin'  
One minute you're up and the next thing you're breakin'  
When I lose my way and the skies they get heavy  
It'll be okay the moment you're with me  
No one would have guessed, we'd be standing strong  
today  
Solid as a rock bo and perfect in every way

(Chorus)
